Enclosed is a copy of the computer print-out Chris has prepared to show the status of cases you are handling, as indicated by our records. We'd be glad to learn of any corrections that may be needed to reflect more accurately the present state of affairs.

As you know, this material reflects an initial effort to organize the pertinent data on each case in a useful form, and I'm sure it can be improved on the basis of experience in using it.

We look forward to seeing you on February 7.
